What is Title I?

Title I is a federally funded program under the Elementary and Secondary Education Act (ESEA) as reauthorized by the **Every Student Succeeds Act of 2015 (ESSA)**.

The purpose of Title I is to provide all children a significant opportunity to receive a fair, equitable, and high-quality education and to close educational achievement gaps.

The restricted grant provides supplementary funding to improve the teaching and learning of students. Funds are to be used only for programs that supplement, and do not supplant, the services that would be provided in the absence of these funds.

All Title I schools benefit from centralized program services that include instructional support, professional development, technology support, and parent and family engagement initiatives.
