

ADMINISTRATIVE PROCEDURE

SCHOOL BUS CONDUCT

5131.1

Procedure No.

July 1, 2013

Date

-
- I. **PURPOSE:** To provide the guidelines and procedures governing bus transportation of students to and from school.
 - II. **POLICY:** School bus transportation of students in the Prince George's County Public Schools must be a safe and orderly operation, and disruptive incidents must be reported, fully investigated, and disciplinary action taken where appropriate. (Board Policy 5131.1)
 - III. **BACKGROUND:** Effective and orderly school bus transportation is absolutely essential to support the educational objectives of the Prince George's County Public Schools. Given the size of the school system and the degree of choice provided students, the amount of time a student may spend on a school bus is significant. Consequently, there is a responsibility to see that students are supervised adequately and that infractions of the school system rules governing student behavior on school buses and at bus stops are dealt with fully and consistently. Student disruptions on school buses are not only unsafe and costly matters, but have a definite effect upon discipline and respect, which must be maintained as a part of the educational process. There can be no question that the school bus must be a safe and orderly part of the school day, and appropriate steps must be taken to guarantee passenger safety. Accordingly, disruptions on school buses will not be tolerated. These procedures provide general guidelines, and are to be enforced in a given situation consistent with the good judgment of those responsible.
 - IV. **DEFINITIONS:** The following definitions are provided within the meaning of these procedures:
 - A. **School Bus Transportation** - The privilege of a student to ride a school bus, without cost, to and from school, in accordance with the Public Laws of the State of Maryland.
 - B. **Disruptive Incident** - Any act by a bus rider which does not meet the "requirements for student conduct on the school bus" furnished students and parents at the beginning of each school year.
 - C. **Transportation Supervisor** - A person responsible for oversight of the drivers and bus attendants in a geographical area; works closely with school administrators; and serves as liaison between department of transportation and the schools.
 - V. **PROCEDURES:**
 - A. **General Rules:**
 1. The school day shall be considered to include the time students spend on school buses and under the jurisdiction and supervision of the principal.
 2. Bus safety and behavior programs will be provided at all instructional levels.

The Board recognizes that pupil transportation is a privilege, and not a right. The Board also reserves the authority to create and require students who ride Prince George's County school buses to follow a specific code of conduct. The code of conduct will provide standards for all students who ride school buses to ensure the safety of all those concerned.

Pupils must:

1. Be at designated stop ten (10) minutes prior to the published pick-up time.
2. Ride only bus or buses assigned to them. They may ride another vehicle, but only with permission from the School Administrator in charge of buses.
3. Remain seated while bus is in motion; keep noise down by talking in normal conversational tones; maintain normal classroom standard of conduct. Follow all instructions given by the bus driver.
4. Stay away from the bus as it approaches or leaves the bus stop location.
5. Not engage in activities that would endanger themselves or their companions while waiting for the bus to arrive at the bus stop location.
6. Board the bus in an orderly manner, only after the vehicle has come to a complete stop, and not until they receive permission from the driver.
7. Go directly to their seat and remain seated at all times while the vehicle is in motion.
8. Not eat, drink, or smoke on the bus.
9. Never extend arms, hands, head or any object from bus windows; this is extremely dangerous and a violation of the law.
10. Exit the bus in an orderly manner, while following the instructions of the bus driver. They should not stand while the bus is in motion. They should only stand when the bus is at a complete stop and only when the bus is at their bus stop location.
11. Respond to the bus driver with accurate information. This includes proper name, grade, or school name, or any other needed information, especially in emergency situations.
