A Parent's Guide

I have completed registration for a referral to be sent.

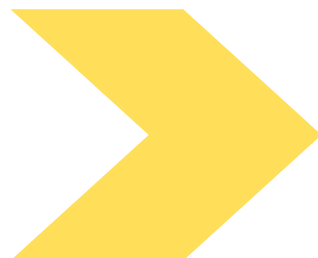

An IEP Meeting will be held within **30 days** of the team receiving the referral.

At the IEP Meeting, the team determined the need for additional data.

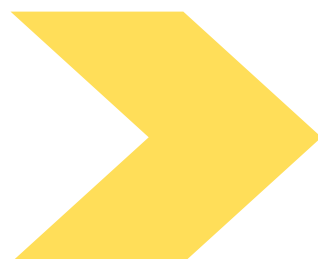

The team provide recommendations for additional data, timeframe to collect data, and date to reconvene.

The team reconvened to review the additional data and determined assessments are needed.

The team will have **60 days** from the date of consent to administer and review assessments.

The team reviewed assessments and determined eligibility.

The team will have **30 days** to draft an IEP based on student need for the parent to accept or decline.
